

BHARAT SINGH PARIHAR

Backend and Full-Stack Engineer

+91 9451747691 | bharat3645@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Software Engineer who works in building distributed systems and shipping web applications end to end, across **Go**, RestAPI, GraphQL and FastAPI services, **React** and **Next.js** front ends, with PostgreSQL and Neo4j and experience in building AI/ML solutions as well. Contributed to a 29-microservice, **Temporal**-orchestrated backend, shipped a 22-route dashboard for 500+ concurrent users, and cut AI inference cost by up to 65% with **harness**. Comfortable taking AI features from agents, workflows and automated data pipelines. Author of 1 Q1 Journal springer paper and 3 SCOPUS-indexed IEEE papers; CGPA 8.5/10.

TECHNICAL SKILLS

Languages: Go, Python, TypeScript, JavaScript, SQL, C++, Rust

Backend and Distributed: Microservices, RestAPI, GraphQL gRPC, WebSockets, Temporal, Message queues, FastAPI, Node.js, Express, sqlc

Frontend: React, Next.js, Tailwind CSS, ShadCN UI, Vite, State management, Web accessibility, SEO Management, GSC

Databases and Cloud: PostgreSQL, Neo4j, MongoDB, Redis, MySQL, Docker, Kubernetes, AWS, GCP, CI/CD (GitHub Actions)

AI and ML: RAG, LangChain, LangGraph, FAISS, LLM APIs, PyTorch, TensorFlow, CNNs, YOLOv8

Practices: Zero-trust design, OAuth2/JWT, SHA256, Clean architecture, TDD, System design

EXPERIENCE

RnR Consulting Pvt. Ltd., Web Developer Intern (AI/ML)

Delhi, India | Dec 2025 - Present

- Contributed to a **29-microservice** Go backend orchestrated with Temporal, integrating **14+ database**, SaaS, and cloud connectors including PostgreSQL, AWS S3, and Salesforce.
- Authored the discovery-service Go proxy layer with sqlc-compiled queries, and built multi-tenant routing, SHA256 API-key validation, and background polling.
- Held false positives under 1% across 13+ national and financial identifiers by designing Verhoeff and Luhn-mod-36 validators for a zero-trust **endpoint agent in Go** (Windows and macOS).
- Shipped a 22-route React and Vite admin dashboard serving 100+ concurrent users, and cut AI inference cost 58% on large tasks and 65% on small tasks via a 5-module model-routing harness.

PGDAV College, University of Delhi, Summer Research Intern

May 2024 - Jul 2024

- Built a CNN deepfake-detection pipeline to **93.5% accuracy**; the work fed a SCOPUS-indexed IEEE publication.

KEY PROJECTS

GigX, Decentralized Freelance Marketplace | *Next.js, Solidity, Hardhat, Docker*. Built a full-stack Web3 marketplace with smart-contract escrow and on-chain disputes; placed 3rd at BITS Pilani Web 3.0 Hackathon 2025.

GenAI Realtime Web Assistant | *FastAPI, Next.js, LangChain, Neo4j, FAISS*. Built a full-stack AI assistant Web Application with GraphRAG retrieval that improved document-QA accuracy close to 4x over baseline RAG.

NeuroOCR | *TensorFlow.js, React, TypeScript*. Built a browser-based handwriting-recognition tool with real-time, client-side inference.

Brain Tumor Detection | *YOLOv8, PyTorch, Docker, CUDA*. Containerized an MRI detector at 89% accuracy with 15% fewer false positives for scalable deployment.

RESEARCH AND ACHIEVEMENTS

Publications: 1 Springer Nature published Q1 Journal paper (2026), 3 SCOPUS-indexed IEEE papers (ICISCT 2024, Kookmin University; ICPCT 2025, Amity) across computer vision, and digital health, plus 2 book chapters (federated learning, renewable-energy AI), 2025.

Hackathons: Winner, GDSC (2023); 3rd, BITS Pilani Web 3.0 (2025); 3rd, IEEE Research (2023); top-5 finishes at Hackronyx and CyberHack (2025).

Leadership: Chair (100+ members) and Founder Vice-Chair, CSI Student Chapter; IEEE Core Member; Lead Organizer, SITNovate 24-Hour Hackathon (200+ participants).

CERTIFICATIONS

Google Cloud Data Engineer | AWS Cloud and Cybersecurity Foundations | ServiceNow CSA and CAD | Accelerated Computing with CUDA C & Multi-GPU CUDA C (NVIDIA) | HackerRank SQL (Advanced)

EDUCATION

Symbiosis Institute of Technology, Nagpur, India

2022- 2026

B.Tech. (Hons.) Computer Science Engineering, Data Science Specialization | CGPA: 8.5 / 10

Kendriya Vidyalaya, Unnao | HSC (PCM with Computer Science), 87.44%, 2022
